A two-week educational programme aimed at improving children's mathematical skills and their understanding and practice of English. Pupils will be taught in groups based on ability and reading age. In addition to our usual classes, we host two specialised courses: pre-reception which is designed to bridge the gap between nursery and reception; a Years 5 and 6 revision class dedicated to reinforcing key skills and techniques in preparation for secondary school.

Date: 8th August - 19th August 2016
Time: 9:30am - 12:30pm
Age: 4-11 years
